Overview

The *Investing in Early Educators Stipend Program* – funded by the California Department of Education/Early Education and Support Division (CDE/EESD), developed by the Los Angeles County Child Care Planning Committee and administered by the Office for the Advancement of Early Care and Education – is designed to increase the retention and academic preparedness of early educators working in child development programs – centers and family child care homes – in which most of the children are subsidized by the CDE/EESD. In addition, the *Stipend Program* helps early educators work towards completing college coursework that informs their work with children and families and contributes to a degree in child development or a closely related field.

The instructions serve as your guide for completing your application to the *Stipend Program*. It is critically important that you **read the instructions** carefully and provide all information and documents as requested. Note that each cycle is separate; therefore, you must submit all supporting documents requested for this cycle. **Applications that have missing information and/or missing documents will be considered incomplete and will not be reviewed.**

The instructions also provide you with information on the process leading up to awarding stipends, including the appeal process and a detailed timeline.

Applying to the *Stipend Program* is a two-part process:

- 1. Application:** determines that you meet the employment eligibility criteria.
- 2. Verification:** verifies that you have met the educational requirements, continue to meet the employment criteria, and determines your Child Development Permit status. **See Step 2, item 2 under Eligible Coursework for information.**

STEP 1: Determining Eligibility¹ (see note below)

To be eligible to apply for a stipend, you **must**:

1. Create or update your ECE Workforce Registry. For questions regarding CA ECE Workforce Registry, please contact (888) 922-4453 or e-mail CARegistry@ccala.net. To register go to www.caregistry.org. *Applications without registry ID numbers will be disqualified*; **AND**
2. Work in a family child care home that participates in a California Department of Education/Early Education and Support Division (CDE/EESD)-contracted Family Child Care Home Education Network (FCCHEN) certified by the Network Program Coordinator/Administrator, **OR**

Work in a licensed family child care home in which the majority (51% or more) of the children receive a child care subsidy from the CDE/EESD-contracted agency at the time you submit your application; **AND**
3. Work directly teaching children on a consistent and continual basis at least 15 hours per week; **AND**
4. Have been licensed and operating for one year or employed in a family child care home in the County of Los Angeles from August 1, 2018 through March 14, 2019; **AND**
5. Determine your Child Development Permit status issued by the California Commission on Teacher Credentialing (CTC) to be submitted with the Verification Form (see Schedule). **You may participate while working toward your permit.** See Step 2, Item 2 under **Eligible Coursework** for more information on obtaining or upgrading a permit.

STEP 2: Meeting the Educational Requirements

To earn a stipend, you **must**:

1. Complete at least three (3) semester units (4.5 quarter units) or a maximum of six (6) semester units (9 quarter units) of eligible coursework at a community college, college, or university; **AND**

Attention Bachelor Degree candidates: *For applicants taking one final class required to graduate with a BA/BS degree in child development or a closely related field, you may qualify for an additional graduation stipend with the coursework stipend as long as the completed class is the equivalent of at least three (3) quarter units. The units and the degree must be earned during the Stipend Program cycle.*

2. Complete the class(es) **after March 31, 2018 and before March 31, 2019**; **AND**
3. Pass the class(es) with a grade of “C” or better; **AND**
4. Submit your transcript(s) and Child Development Permit when requested with your Verification Form.

Eligible Coursework

All coursework must be unit-bearing and fulfill the requirements for a degree in child development. Extension or continuing education courses (CARE COURSES) are **not** eligible unless the applicant has a Bachelor Degree (BA/BS) or higher. If you have any questions regarding coursework eligible for the Stipend Program, you are encouraged to contact Renatta Cooper by telephone at (213) 639-6464.

¹ State law limits eligibility to the *Investing in Early Educators Stipend Program* to persons serving a majority of children receiving CDE/EESD subsidies. Staff working in Family Day Care Homes do not have Head Start or State Preschool funds.

Eligible coursework is limited to the following five categories:

1. If you are not proficient in English, you may take English-as-a-Second-Language (ESL) classes at a **community college** for stipend credit if directed to do so by your college. This option is intended for applicants needing to improve their English language skills in order to enroll in college classes toward earning a degree in child development.
2. If you do not have a child development permit issued by the California Commission on Teacher Credentialing (CTC), you should take required child development classes, such as child/human growth and development, child/family/community, or curriculum. If you already have a permit, you may take classes needed to upgrade or renew your permit.

Note: *If you do not have a permit, contact CTC by visiting their website at www.ctc.ca.gov. Click on “Credentialing”, then “Child Development Permits” and follow the instructions for obtaining or upgrading your permit. As an alternative, contact the child development department at your community college. Community colleges can often process permit applications more quickly than the CTC. In addition, the Child Development Training Consortium offers support to eligible persons applying for, renewing, or upgrading their permits; more information is available at www.childdevelopment.org.*

3. If you do not have an Associate Degree (AA/AS), you should take child development, English, math or general education classes; or prerequisites to classes that are transferable for a degree in child development at a four year college. Check with an advisor at your college or university before enrolling in a class if you are not sure it is a prerequisite or transferable class.
4. If you are taking classes at a community college with the goal of transferring to a California State University (CSU) or University of California (UC) school, your educational program should indicate the AA-T or AS-T degree, whichever the school offers. This degree will ensure that the classes you take are transferrable and will give you preferred enrollment at some colleges. You should check with an academic advisor at your college to make sure you are enrolled in the correct program and that your classes fit the requirements for your degree. Acceptable degrees for the Investing in Early Educators Stipend Program include: Early Childhood Education, Early Special Education, Child Psychology and Child Development.
5. If you have a BA/BS or higher, you should take college or university classes that are directly related to your work with children and families in a child development program. Sample topics include: special needs children, diversity, dual language learners, parent relations, adult supervision, program evaluation, and advanced child development. Unit bearing extension or continuing education courses can be counted as eligible only for individuals who already hold a BA/BS or higher.

If you meet the eligibility criteria **and** understand the educational requirements, then continue with your application.
