Meeting Minutes for September 11, 2019

Welcome and Introductions

1. Call to Order and Comments by the Chair

Chair Jackie Majors opened the meeting of the Policy Roundtable for Child Care and Development (Roundtable) at 10:07 a.m. with self-introductions. Ms. Pleitéz Howell thanked Dr. Robert Gilchick for the momentum and push to bring on board the Director for the Office for the Advancement of Early Care and Education (OAECE). She mentioned that the OAECE had been without a director for four years.

2. Approval of June 12, 2019 Minutes

Upon a motion by Dr. Sharoni Little and seconded by Ms. Fran Chasen, the minutes for the June 12, 2019 were approved. Ms. Debi Anderson abstained.

3. Approval of 2019 Sunset Review

Upon a motion by Dr. Jacquelyn McCroskey and seconded by Dr. Gilchick, the 2019 Sunset Review of the Roundtable was approved.

4. 2019-20 State Budget Wrap Up

Ms. Michele Sartell referencing the budget summary in the meeting packet, noting that the Governor signed the budget in late June. The budget included increased funding the California State Preschool Program to increase access for three and four year old children. Additional funding was allocated to General Child Care and the Alternative Payment Program, which will help bring more subsidized services to low-income families with infants and toddlers. The budget also provides funding for infrastructural improvements and supports including grants for facility development and workforce development. In addition, the budget creates a data system that captures not only children in K-12, but children in the early care and education system. There was also a small cost of living adjustment and an increase in funds Emergency Child Care Bridge Program for Children in Foster Care. A few budget trailer bills are pending consideration by the legislature, including AB 114 and AB 121, which include clean-up language and budget adjustments.

Upon much conversation, Ms. Majoors formed a Facilities Workgroup to address the recommendations included in the Advancement Project’s report. The following people showed interest in being part of the group: Ms. Pleitéz Howell, Ms. Terry Ogawa, Ms. Sartell, Ms. Anderson, Ms. Ofelia Medina and Ms. Debra Colman. It was mentioned that for those that were unable to respond, an e-mail explaining the context of a proposed plan for the workgroup, possible meeting structure and more will go out to the entire group with an opportunity for others to join.

5. Priority Legislation

Ms. Sartell stated that AB 324, which would have made some changes to the AB 212 program, did not make it out of the Committee on Appropriations and is now dead. AB 125 proposed to
develop a reimbursement system plan and is likely to become a two year bill. AB 1001, which would have augmented the role of the local child care and development planning councils, is now a two year bill. SB 254, approved by the Governor on September 5th, will make it easier for family child care providers to expand to develop their programs in local communities.

6. Office for the Advancement of Early Care and Education Information

Ms. Colman began by stating her goals for her presentation:
- Enhance knowledge of the OAECE’s history and its transition to the Department of Public Health (DPH)
- Strengthen understanding of OAECE’s current roles
- Share an update on the strategic plan and next steps

OAECE History and Transition
- 2000 – Established as Office of Child Care in the CEO
- 2016 – CEO commits to reorganization and divests from direct services
  Renamed Office for the Advancement of Early Care and Education (OAECE)
- 2018 – OAECE staff (5) and functions transferred to the Department of Public Health
- 2019 – Successfully transitioned and maintained activities; recruited new permanent OAECE director; completing OAECE strategic plan

Early Education and Public Health
- Perry Preschool Project participants at 40 years old compared to non-participants
  - Housing: more stable dwelling arrangements and car ownership
  - Education: Higher high school graduation rates
  - Social Supports: Less use of social services and fewer lifetime arrests
  - Family Income: Higher median income
  - Employment: Higher employment rates

The Roles of OAECE
- Convener
  - Child Care Planning Committee
  - Policy Roundtable for Child Care and Development
  - Joint Committee on Legislation
- Workforce Development Supporter
  - Investing in Early Educators Stipend Program (AB 212)
  - California Transitional Kindergarten Stipend Program
- Advisor
  - County Employee Child Development Centers
- Thought Leader
  - Partnering with advocates for early care and education policy and systems change

Strategic Planning Process
- Resources:
  - First 5 LA provided funding to support plan development
- Planning:
  - Joint retreat held in December 2018
  - Facilitator convened workgroup during FY 18-19
- Process:
  - Engaged Planning Committee and Roundtable members
  - Developed values and principles
- Created a unified vision and mission for OAECE, the Planning Committee and the Roundtable
- Drafted priorities, strategies and activities

Strategic Priorities
- Positioning OAECE as an Agent of Change
- Four Strategic Priorities:
  - Access
  - Quality
  - Workforce
  - Families and Communities
- Each strategic priority has a goal, strategy and activities

Timeline and Next Steps
- September 2019 – Finalize strategic plan and provide update to Planning Committee and Roundtable
- October 2019 – Share strategic plan with DPH leadership for final feedback and approval
- November 2019 – Reconvene Strategic Planning Committee for Strategic Plan preview
- December 2019 – Planning Committee and Roundtable approve strategic plan
- January 2019 – Planning Committee and Roundtable retreat to plan implementation

Ms. Colman concluded her presentation by asking for questions, reflections or “aha” moments. There was a lengthy discussion after her presentation.

Ongoing Efforts

7. 2020 Census – Historic Undercount of Children and the Importance of Ensuring a Full Count in 2020

Mr. Giovany Hernandez, Regional Census Campaign Manager, from NALEO (National Association of Latino Elected Officials) Educational Fund, talked about the historic undercount of children and the importance of ensuring a full count in 2020. Presentation highlights were:

- Very young children are most likely to be excluded from Census count – Census 2010 missed an estimated one million very young children (age 0-4)
- In Los Angeles County, 74,000 young children (age 0-4) were undercounted
- The undercount of young children means less federal funding for key federal assistance programs
- The Census has never been accurate; while the count has improved over time, certain populations are “undercounted” including:
  - African Americans, Latinos and American Indians
  - Households with low incomes
  - Immigrants and individuals with low English-language proficiency
  - Renters
  - Residents who live in non-traditional housing
  - Rural residents
  - Highly mobile residents, such as farmworkers
  - Very young children aged 0-4
- The undercount of Latino children reduces potential federal funding for state programs serving low-income families
We Need to Act
Los Angeles County must make a fair and accurate count of very young children a top priority in Census 2020 outreach:
- Census 2020 outreach must be “baked in” to all County activities that involve contact with families with very young children, including:
  - Public assistance programs
  - Pre-K, after-school, and recreational programs
  - Health services
- The County should continue to work with the Census Bureau to advocate for or use resources to reach families with very young children,

Mr. Hernandez concluded his presentation by sharing ways to become involved. There was a lengthy discussion following his presentation.

Wrap Up

8. Announcements and Public Comments
  - Fran Chasen mentioned the upcoming 4th Annual Vivian Weinstein Leadership Day: Best Practices in Early Childhood, Monday, September 23, 2019. A flyer with more information was shared with meeting attendees.

Themes from the Profiles

✓ Establish active **cross-sector leadership groups** focused on improving Early Childhood system and policy

✓ Develop **local strategic plans** to guide efforts to improve early childhood systems and policy

✓ Charge **impact fees to private developers** to support ECE facilities and programming

✓ Change local **zoning ordinances and regulations** that limit the development of new ECE facilities
Themes from the Profiles

✓ **Centralize funding** so that it can be better leveraged and coordinated to serve more children

✓ Fund dedicated **early childhood city/county staff**

✓ Expand programming for early childhood by developing **partnerships between early childhood services and other publicly funded programs**

✓ Support and incentivize **school districts to use funds** to support early childhood programming/scholarships
Revenue and Expense Modeling
Revenue and Expense Model

• Modeling for multiple types of program, allows you to select which one you want to run:
  • Full day, Full year, 10 hour/day childcare
  • Part-day PreK
• Implement quality variables approach for quality frame in model
• Three levels of quality modeled:
  • “Baseline Quality”
  • “Quality”
  • “Aspirational Quality”
### Quality Scenarios: Ratio & Group Size

The most commonly occurring size center and composition of children is used in each iteration of child revenue compared to per child expense.

The center size and composition is 69 children: 9 infants, 12 toddlers, 48 preschoolers.

All charts include a cost per child expense line, which is reflective of the quality level.

Recommendations
Leverage and fully utilize existing resources

1. Ensure that the full potential of the Cal WORKs program, across each stage of implementation, is utilized.

2. With a systemic approach, implement county-level goals for seeking, drawing down and applying all available funding from CA Department of Education.

3. Support and encourage school districts to use funding for early care and education and develop partnerships to increase access to services.

4. Address the local monitoring burden on the programs administering funding to providers in order to lessen time and resources directed to monitoring.

5. Expand programs that develop the early childhood educator pipeline and access additional funding streams to support the development and professionalization of the workforce.
Maximize Current Structures

6. Empower the Office of Advancement of Early Care and Education as a central organizer for the early care and education system in LA County. Provide adequate funding and staffing for OAECE to:

   a) Address any inefficiencies in current systems and processes
   b) Ensure LA County is prepared to fully draw down available resources
   c) Advance and coordinate additional investments to support program quality for all providers.
Increase equitable access to high-quality ECE for targeted populations and communities

7. Design and implement strategies to better support current infant and toddler care providers and grow the supply of quality child care for this age.

8. Implement strategies to support those delivering family, friend and neighbor care and to provide a pathway to licensed child care for those interested in growing into the profession.

COMPREHENSIVE FISCAL ANALYSIS (CFA) OF LA COUNTY’S EARLY CHILDHOOD EDUCATION SYSTEM

INTRODUCTION

Improving access to early care and education (ECE) programs is one of the seven strategies outlined in LA County's 2017 Paving the Road to Safety for our Children: A prevention plan for Los Angeles County. Working together, the Los Angeles County Office of Child Protection (OCP), the Policy Roundtable for Child Care and Development, First 5 LA and other partners convened the Prevention Plan ECE Workgroup to advise and guide a Comprehensive Fiscal Analysis (CFA) of the ECE system in LA County and make recommendations to strengthen the efficiency and effectiveness of the ECE system.

With funding from the LA County Quality and Productivity Commission, First 5 LA, and the Office of Child Protection (OCP), OCP hired Capito Associates, who are national experts in early childhood systems and financing. The team has experience conducting similar projects in other states and communities, including in California. The CFA began in October 2018 and continues through September 2019.

The guiding questions the CFA addresses are:

- What funding currently supports early care and education services in Los Angeles County?
- How are these funds being used and are they being fully leveraged?
- What opportunities exist to better coordinate, streamline, and maximize existing funds?

APPROACH

Over the course of the past several months, the CFA team collected data at the systems and individual provider level. They reviewed all funding sources available in LA County to support ECE (including federal, state, and local sources) and met with funding administrators to get an in-depth understanding of the goals and activities associated with each funding stream. The team met with center-based and home-based providers across the county to capture revenue and expense data. The team also met with ECE leaders in school districts, county departments, and partner organizations to understand the system challenges and opportunities. The products of this work include:

- Comprehensive resource catalogue and summary tables of funding sources and programs reviewed
- Revenue and Expense Model to support understanding the cost of quality
- Written analysis and recommendations
