QualityStartLA.org

## SELF-PACED COURSE

**Course Duration:**  
1.5 hours

Did you know young children start picking up biases at an early age? What is bias? What does it mean for us and our roles in ECE? As we grapple with bias, prejudice, equity, and the quest for belonging, we have an invitation to grow and evolve together.

QSLA and [PEACH's Equity Working Group](#) are excited to offer this course, "Embarking on Our Anti-Bias Journey to Transform ECE," inspired by our [anti-bias & anti-racism series](#). The first of an upcoming series, this self-paced course offers us:

- Information on bias, anti-bias, and
- An exploration of anti-bias approaches and strategies to help us create early learning spaces that are more equitable and inclusive for staff and families of color.
